REPORT ON Mr. ALI MESHKAT

Ali Meshkat was a student in our school from the 5th of March to the 8th of April 1971. During this time he attended group classes from Monday to Friday for four lessons each day.

Considering the short time he has been in England, he speaks English quite well. In the past five weeks the class has studied the present, past, future and present perfect tenses and the passive voice. Ali Meshkat has a good command of these in spoken English.

His pronunciation is very good, and he is a quick student. His vocabulary of situational English is extensive.

He needs further practice in written English as he has difficulty relating the spoken word to the written word. An attentive, eager student on the whole.
